ADANA BÜYÜKŞEHİR BELEDİYESİ BAŞKANLIĞINA

Topic: : Adana UNESCO City of Gastronomy Project

To the relevant authority;

Adana is one of the few cities in the world with its unique culinary culture and in the matter of gastronomy. It holds contents that will refine the history of gastronomy from past to present and this very culture still continues in modern city life.

I as a Ethiopia Honorary Consulate of Adana support the preservation, sustainability, presentation of Adana's unique culinary culture and seeing the value it deserves as well as passing that value to the future generations. In this project, prepared for demonstrating all of these to the gastronomic tourism, we support our city Adana to be a UNESCO City of Gastronomy and wishing them success.
